**Micro Loans**

A small loan has the ability to change someone's future. There are many that are praying for an open door. For that one opportunity to prove that they can succeed. By contributing to the Micro loan program you can help be that open door in someone's life. You have no idea what God can do with the small seed that you sow into a person's life.

Over the years we have developed many programs that aim to make a lasting impact on a person's life. This program gives the start-up help to someone who has an idea and the drive to be a success, but lacks the funds to get started. These small businesses provide a livelihood for a family and better future their children and forever change their community.
